

## FOOTBALL MYSTERY

Once there was a boy name **Rahul**. One day from school he did not come it's too late. His mother called his teacher she asked that is there any extra class because Rahul did not come to home yet. His teacher said "no, there are no extra classes and all children had left **school** at their normal time". "Ok ma'am" said Rahul's mother. Then she found a **BOX** at the door of house. She did not open it, she took it and called his father and then they both went to police **station** with that box.

Then they **complained** to police and gave him that box. Police opened it, there was a small football inside the box. Then they **investigate** and found that a same case had happened in the school next to the school of Rahul.

They noticed the child that was **missing**, Raman, at his house also same box and football had come. After three days his dead body had been found. **Tomorrow** is the third day Rahul's missing.

They thought it is the work of a **SERIAL KILLER**. The next day they got dead body of Rahul. They noticed that Rahul and Raman both are the best **football** player of their school. Then they investigate a lot and then found that a boy name Amar is the best football player of another school.

They followed Amar after school. After sometime Amar reached home. They were shocked that Amar is not **kidnapped**.

Then they go and asked Amar "do you go the somewhere else after school?" "no I don't go but my brother Amar goes" said the boy. "You are not Amar?" asked the police. "No I am his **TWIN** brother Sam" said the boy.

Then police quickly asked for Amar's mobile number and **traced** it. They caught the kidnapper and save Amar's life.

Then they asked kidnapper "what is your name? Why you are killing children". "My name is Rahul. Every football student hit me with football when I was a kid because I don't **play football** well. My team always loose. Everyone thought I am a loser. That's why I hate football students. So I kidnap football players and killed them by hitting them with football" said kidnapper. Then from back someone hit **POLICE** with stick. The police fainted. The person that hit police was twin brother of Rahul, Aarav. Aarav also helps Rahul in killing children because he was also humiliated like his brother Rahul.

Therefore, they both kill football players. **Aarav** kidnap children and Rahul kills them. Then they ran from police station. After sometime police **woke**. They thought kidnappers will try to go out of the city and they send their police force on all ways to go out of the city. They checked every **CAR** and buses and finally they caught both brothers.

They arrested them and football mystery was solved. **Aarav and Rahul** were punished and got lifetime jail.
